

CURRÍCULUM VITAE

DRA. PATRICIA OSTROSKY SHEJET DE WEGMAN

- Investigadora Titular C del Instituto de Investigaciones Biomédicas de la UNAM. PRIDE "D".
- Miembro del Sistema Nacional de Investigadores Nivel 3, de la Academia Mexicana de Ciencias y de la Academia Nacional de Medicina.
- Del 2009 al 2010 comisionada a la Secretaría de Salud para desempeñar en el cargo de Directora General de Políticas de Investigación en Salud.
- Ha impartido clases de licenciatura y postgrado en las Facultades de Ciencias, Química y Medicina de la UNAM, en el CINVESTAV y en la Escuela de Salud Pública. Ha dirigido 16 tesis de Doctorado.
- 112 publicaciones indexadas y 2000 citas a las mismas.
- Expresidenta de la Asociación Mexicana de Genética Humana y de la Asociación Latinoamericana de Mutagenesis, Carcinogenesis y Teratogénesis Ambiental.
- Directora del Instituto de Investigaciones Biomédicas de la UNAM, Marzo, 2011- a la fecha.

Publicaciones Recientes
